Stablock™ Sign Holder

Stablock sign holder is used to hold our popular Fold & Roll Sign Panel. Vertical aluminum tubing slides over small diameter base fitting, locking in place with a spring button. This option provides the user with the fastest set-up and most compact storage dimensions available. Used with Dicke's 3000XP series signs.

- **DF3003S** - Pg. 11

Channel Style Sign Holder

Dicke's NEW channel style panel holder locks the roll-up sign to the stand with a lever actuated pin. The roll-up sign's vertical fiberglass rib, with pre-drilled locking hole, slides down into three channel opening and engages a locking pin. Used with Dicke roll-up signs attached to 400 series ribs.
