

WHAT IS PACK-A-CONE

The ORIGINAL Collapsible Cone – a full size traffic cone that can be PACKED to store flat!

Expands to 18" (45cm), 20" (50cm), 28" (70cm), 30" (75cm) or 36" (90cm)

Collapses to just 2" (5cm) for convenient storage.

Innovative INTERNAL lighting system offers greater visibility for night-time use (optional).

WHY PACK-A-CONE

Don't compromise your safety. Pack-A-Cone is your defense against approaching vehicles.

While pulled over and waiting for assistance, fixing a flat tire, or lending a helping hand, protect yourself, your family and your vehicle with the Pack-A-Cone.

Today's drivers push the limits on the road, speeding to the furthest obstacle before changing lanes - often misjudging the space.

Make the **PACK-A-CONE** the obstacle **NOT YOU!**

- Ideal for use in **Roadside Emergencies**
- Quick and easy to use
- SAFER than Flares
- More EFFECTIVE than triangles - 360° Visibility
- More COMPACT than traditional cones
- Stores compactly in the trunk or under the seat

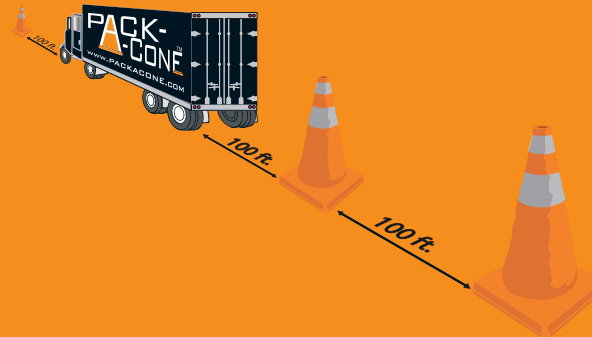

A RANGE OF SIZES

WHO USES PACK-A-CONE

- Bus/Coach/Transit Co.
- Command Vehicles
- Construction Crews
- Cruise Lines
- Film Crews
- Fire Services
- HAZMAT Units
- Military
- Motorcycles
- Movers
- Passenger Vehicles
- Police Services
- Security Companies
- Schools
- Sporting Events
- Surveyors
- Trucking Fleets
- Tow Trucks
- Utility Crews
- Many more ...

HOW TO USE PACK-A-CONE

Simply take your cones from the trunk or under the seat, deploy them with one quick pull and place it on the road around your vehicle.

Within seconds, you've created a protection zone, visible from over 1,000 feet (300m).

For **Roadside Emergencies**, use 3 cones: space two cones 100ft apart **behind** the vehicle and a third cone 100ft in **front** of the vehicle.

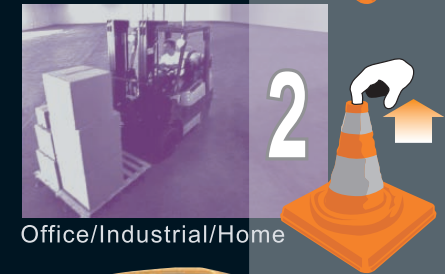

For **Commercial** applications: Consult your local traffic control guidelines and regulations for your specific application.

PRODUCTS

PACK-A-CONE

1 retroreflective collar on the 18" (45cm) Cone:

- 4" (10cm)

durable nylon for all weather conditions

weighted polyethylene base to resist winds

Weight:

- 18" (45cm) = 2.2lbs (1kg)
- 28" (70cm) = 4.2lbs (1.9 kg)

Extended Height: 18" (45cm) or 28" (70cm)

Collapsed Height: 2" (5cm)

Base Dimensions:

- 18" (45cm) = 10" x 10" (25cm x 25cm)
- 28" (70cm) = 13" x 13" (33cm x 33cm)

Retroreflective Component:

- 18" (45cm) = 1collar: 4" (10cm)
- 28" (70cm) = 2 collars: 6" (15cm) + 4" (10cm)

Candle Power of Collars: 500 cd/lux/m²

Visibility: 1,000ft (300m) visibility

AVAILABLE IN 2 SIZES: 18" (45cm). 28" (70cm)

LIGHT-UP-CONE

2 retroreflective collars on the 28" (70cm) Cone:

- 6" (15cm) + 4" (10cm)

Internal LED light

rubber grips on base to grip the road

The Light-Up-Cone has all the benefits of the Pack-A-Cone plus:

Internal LED Light: illuminates the entire cone for extra visibility

- 18" (45cm) - 1x LED 4600 mcd, 20mA
- 28" (70cm) - 4x LED 4600 mcd, 20mA

PRO SERIES

- 20" (50cm) - 1x LED 4600 mcd, 20mA
- 30" (75cm) - 4x LED 4600 mcd, 20mA
- 36" (90cm) - 4x LED 4600 mcd, 20mA

Power Supply: 2 x AAA batteries (included)

Battery Compartment: screwed with rubber gasket

AVAILABLE IN 2 SIZES: 18" (45cm). 28" (70cm)

PRO SERIES

up to 10.0 lbs (3.65kg)

retroreflective collars

4 x LED lights

solid rubber base

Weight:

- 20" (50cm) = 3.6lbs (1.65kg)
- 30" (75cm) = 8.0lbs (3.65kg)
- 36" (90cm) = 10.0lbs (4.55kg)

Extended Height: 20" (50cm), 30" (75cm), 36" (90cm)

Collapsed Height: 2.0" (5cm)

Base Dimensions:

- 20" (50cm) = 11" x 11" (28cm x 28cm)
- 30" (75cm) = 15.5" x 15.5" (39cm x 39cm)
- 36" (90cm) = 18" x 18" (46cm x 46cm)

Retroreflective Component:

- 20" (50cm) = 1collar: 6" (15cm)
- 30" (75cm) = 2 collars: 6" (15cm)
- 36" (90cm) = 2 collars: 6" (15cm) + 4" (10cm)

AVAILABLE IN 3 SIZES: 20" (50cm). 30" (75cm). 36" (90cm)
